CONNAUGHT WILL VISIT PRESIDENT

Formal Call to Be Made Thursday Afternoon.

FINDS NEW YORK IS CHANGED

Uncle of King George of England and Governor General of Canada Guest of Ambassador and Mrs. Reid.

New York, Jan. 23.—Revisiting New York after forty-four years, the Duke of Connaught, Canada's governor general and the uncle of England's king, who is now here with the duchess, Princess Patricia, and the members of their household, to be the guest until Friday of the American ambassador to the court of St. James, Whitelaw Reid, and Mrs. Reid, finds the city changed.

He was shown about by William Dunn Butler. In the evening, after a crowded day, he mingled with the throngs in Fifth avenue, taking a long walk, accompanied only by his aide de camp.

His stay in this country will include, after all, a visit to President Taft on Thursday. The announcement of plans was made somewhat unexpectedly after the duke had ascertained that the president would be in Washington next Thursday afternoon.

At the time he accepted Reid's invitation to come here, the duke had in mind also the possibility of a call on the president of the United States. On arriving he learned from Ambassador Reid that the president would be free to receive him on Thursday and that the president had expressed a wish that he find it convenient to extend his visit to Washington.

So Colonel H. C. Lowther, the Duke of Connaught's military secretary, arranged the details. At the same time the colonial office in London was notified that the governor general would call on the president.

President J. J. Farrell and Attorney J. A. Reed of the United States Steel corporation, testifying before the house steel trust investigating committee, produced books and records ordered by the committee.

ACCIDENT COSTS SUPERIOR MAN ANOTHER HORSE

Another horse has been lost by William Wright of Superior. On Saturday morning Mr. Wright attempted to lead a nice driving horse he owns to the blacksmith shop to be shod. When half way to the shop, the horse slipped on the ice and in falling broke his leg, so that it was necessary to shoot him. Mr. Wright lost a valuable horse in the fall.

LIVED IN SUPERIOR 84 YEARS

ROGER CRIPPEN WAS WELL KNOWN RESIDENT—FUNERAL HELD TODAY.

The funeral of Roger Crippen, whose death occurred Sunday, was held this afternoon at 1:30 o'clock at his late residence.

Mr. Crippen was born February 14, 1824, at Berne, Albany county, New York, and when but four years of age moved with his parents to Superior. There were then only two or three houses in Ypsilanti and Mr. Crippen in the long life he had lived in this vicinity had witnessed very many changes, having lived since manhood on the farm adjoining that of his father's.

His first wife, who died in young womanhood, bore him two children, John and Harriet, both of whom died. He is survived by his second wife and a large family of children: Clarence, living near Erie, Michigan; Mrs. Wm. Dunbar, Samaria, Michigan; Mrs. H. E. Mudge, Onaway, Michigan; Lewis, Superior township; Perry, Toledo, O.; Carrie and Lillian and Frank, who live in Ypsilanti. The oldest child, Rufus, and the youngest, Ernest, have died.

ENTERTAINMENT WAS GOOD

FLONZALEY QUARTET PRESENT EXCELLENT PROGRAM ON CHORAL UNION COURSE.

Ann Arbor, Jan. 23—The fourth of the Choral Union concerts was splendidly presented Monday evening by the Flonzaley quartet comprising Adolfo Betti, first violin; Alfred Pochon, second violin; Ugo Ara, viola, and Iwan D'Archambeau, 'cello, at the University Hall.

They presented the Quartet in A Major, Opus 18, number 5, by Beethoven; "Sonata a tre" written for two violins and 'cello by W. Friedman Bach and the Quartet in A flat major, opus 105 by Dvorak in four movements. Long applause followed every pause making an obvious manifestation of appreciation all of which was wholly warranted by the superb interpretation given the selections by the accomplished entertainers.

The next number of the course will be February 16 by Josef Lhevinne, pianist.

WIFE SLAYER DIES SUICIDE

Michigan Man Victim of Own Bullet Week After Murder.

Lenawee Junction, Mich., Jan. 23.—Archie Kamp of Palmyra, who last Sunday murdered his wife and perhaps fatally injured his mother-in-law, Mrs Harrison Calkins, because he believed they had alienated the affections of his three-year-old child, died from the bullet he sent into his own brain.

The child had been taken from him by order of court. She is being cared for by neighbors pending the appointment of a guardian.

Accused of Breaking Quarantine.

Jackson, Mich., Jan. 23.—Two men, now under quarantine, will be arrested as soon as the quarantine is raised on warrants sworn out by Health Officer De May of this city. It is alleged that Thaddeus Francis, one of the men complained of, failed to report a case of smallpox which existed in his home. The second man to face arrest is Albert Riley, a guard, who, it is alleged, became intoxicated while on guard and broke quarantine.

Osborn Seeks Second Term.

Walsh Company Dissolves.

Lansing, Mich., Jan. 23. — The S. Francis Walsh company of Detroit that filed articles of incorporation with the secretary of state last November, with a capital stock of $20,000, has given notice of dissolution.

D. A. R. WOMEN ENJOY A VERY GOOD MEETING

The state regent of the Daughters of the American Revolution, Mrs. Arthur Maxwell Parker, of Detroit, was the guest of the Ypsilanti chapter at their regular meeting at the home of Mrs. W. L. Kishlar. Dr. Alma Blount acting as hostess. This was considered to have been one of the most notable meetings ever held by the local chapter. A large number of members were present to respond to roll-call.

Miss Mary Goddard reported for the conservation committee and also for the committee that had been appointed to take up the question of a sane Fourth. She had found the merchants thoroughly in sympathy with the project of continuing in Ypsilanti the observance of a sane Fourth.

Mrs. Mark Jefferson gave a report of the legislative committee. Mrs. Jefferson was invited by Mrs. Parker, the state regent, to act on a committee whose work will have to do with changing the by-laws for the state. This line of endeavor is under the direction of the state chairman, Mrs. Emma L. Fox, and a conference will be held in Bay City in October next. This is felt to be a very gratifying honor for the local chapter to have achieved.

A matter of interest which came before the chapter was the collection of 90 slides which have been prepared by the D. A. R. in the state and are loaned to various places in the state and to the schools to educate the people in the history of this state. The early days in Detroit are splendidly covered and such familiar names as St. Clair and Anthony Wayne and Hennepin constantly occur in the titles of these admirable slides. The Ypsilanti chapter has been asked to prepare slides which shall deal similarly with important historic local places and people.

Mrs. Parker most cordially invited all the ladies of the chapter to attend the picture pageant which is to be given in the Opera House in Detroit on Thursday, Jan. 25. It will consist of a series of tableaux dealing with life in Detroit as it was lived by the early settlers.

Mrs. Arthur Sullivan then read a paper dealing with early schools in Ypsilanti and this will appear in the Daily Press.

It was decided that the chapter would unite with the other women's clubs in the city in assisting on the movement to change to 'Michigan Avenue' the name of that historic road which passes through this city under the names of Congress street and Chicago avenue. Likewise, they will join with the other clubs in placing markers at the places where the road enters and leaves the city.

An elaborate buffet luncheon was served at the close of the afternoon. The next meeting will be held in the Ladies' Library building, in order that, at the request of the library board, the ladies may look over certain things now stored in the bookcase there. Mrs. Sullivan will on this occasion exhibit on a screen various pictures of places and people in Ypsilanti.

The movement to assemble in definite and permanent form the local history of the towns and cities is general throughout Michigan, Mrs. Parker observed. St. Clair is doing the work very thoroughly and elaborately and the results are astonishing. Mrs. Parker remarked that the year book sent to her by the Ypsilanti chapter was the most comprehensive and interesting she had received this year from any point in the state.

NOT CITIZEN; HOLDS OFFICE

Cadillac Police Commissioner Has Been Found Out.

Cadillac, Mich., Jan. 23.—Police Commissioner Leonard Seager, it has been found, is not a citizen of the United States, although he has lived in Michigan thirty years. He came over from Canada with his parents when he was two years old.

The father neglected to take out papers and the son, believing that his father had attended to that duty, paid no attention to the suggestion that he look up his own case. Seager does not propose to resign. He points to the fact that John Willman was allowed to sit as alderman here four years before he had taken out his citizenship papers.

QUIZ OF THE PACKERS

Government Makes Inquiry into National Packing Company.

Concentrates Its Efforts Toward Infuiry into Fixing Margins on Fresh Meat.

Chicago, Jan. 23.—The government concentrated its efforts toward a searching inquiry into affairs of the National Packing company in an attempt to show the alleged fixing of margins and shipments of fresh meat in similar amounts and at similar periods as shown by the records of the Armour, Swift and Morris packing concerns.

William E. Weber, chief accountant of the National Packing company, and its fifteen subsidiaries, was again called to the witness stand. District Attorney James H. Wilkerson, who questioned Weber, referred continually to the testimony given by Weber before two grand juries in forming his questions.

The government charges that the packers met each Tuesday at the offices of the National Packing company, in the Rookery building, and agreed upon volumes of shipments, margins and allowances for the by-products. The government hopes to obtain this information of margins, shipments and allowances and by comparing them with figures from the other three concerns show the existence of a well organized and smooth working machine to control the fresh meat industry through an alleged conspiracy.

DOCTOR'S BLOOD SAVES WIFE

Gary Physician, Though Weak, Demands Transfusion.

Gary, Ind., Jan. 23.—To save the life of his wife, Dr. Theodore B. Templin of Gary gave up more than a quart of blood in a transfusion operation that nearly cost him his own life.

Mrs. Templin suffered a hemorrhage following the birth of a baby boy several days ago. She lost almost every drop of her blood. Her husband, although warned that the operation might mean his own death, demanded the transfusion of his blood into his wife's veins. The blood flowed slowly from one to the other for three-quarters of an hour, when Dr. Templin became too faint for further risk.

As neither is yet thirty-five years old and both have been strong until recently, the physicians are confident the operation will not end in the death of either.

LORIMER CASE DELAYED

Accused Senator Unwilling to Proceed Without Presence of Hanecy.

Washington, Jan. 23.—The Lorimer case is being held up indefinitely because of the illness of Former Judge Hanecy, Senator Lorimer's counsel. Lorimer is unwilling to go on without his counsel.

The evidence of alleged bribery of a witness which Detective William J. Burns claims to have discovered, will not be presented until Senator Lorimer finishes his testimony. This evidence relates to the story of Charles McGowan, a contractor of Regina, Can., concerning a conversation which C. F. Wiehe, a brother-in-law of Edward Hines, is said to have had with William M. Burges of Duluth about a jack-pot fund being used to elect Lorimer.

Lodge No. 829, Loyal Order of Moose, meets on Tuesday evening, Jan. 23, Odd Fellow's Hall, at 8:00 p. m. All members and candidates are requested to be present.

BE PRACTICAL AND HELPFUL, SAYS PASTOR

The impulses of men were enlarged upon by Rev. Beach in his pulpit Sunday. He said, "There is an energy in every person that keeps working itself out in some way. This energy is mental or moral or spiritual or physical. Love and hate and passion and loyalty and cupidity and heroism and self-sacrifice and ambition and unselfishness are all forms of this energy within us. Just how it shall work itself out is determined by the sort of person a man is, by the time he lives in, and by the degrees of culture he has, or some such circumstance. Whether he shall work it out by painting, or farming, or working in brass or by teaching or some form of business, is a matter to be determined by himself. But in addition to his main business or activity, all that he does, all that he says, all his relations to other people in the home and abroad are simply his ways of letting out into the lives of other people this mass of energy that is within him.

"Jesus in his talk with Peter suggests the one test which a man always ought to have in mind as he thinks of how he shall let his inner energy out into the world. 'Lovest thou me.' Here is the energy. 'Feed my sheep.' That is the way to let it out into the world. That is, let out your energy in such a way as shall actually help men. It is not necessary to do anything spectacular or brilliant or extraordinary. Do something practical and useful and generous. A man may try to do it as well as he can, with as much skill and beauty as possible and perfection of form, like an artist with his brush, or a musician with his finished technique, or a writer with his graceful and cultivated style. There is no harm in having it well done. That is always a good aim. But the main thing to keep in mind always is the human service that one may render by means of what he does. A man may well try to make anything he does as reasonable and sensible as possible. His religious feeling, his sense of the goodness of God, his joy in the gospel of forgiveness ought, if possible to be expressed in ways that are not absurd and foolish and extravagant. But again, the main thing, after all, is that it shall be useful to other people, whether it is faultlessly scientific or not. Some religious feeling is expressed in ways that are like the face of "Maud" as Tennyson describes it 'faultily faultless, icily regular, splendidly null.'

"So whatever a man does, in carrying out the energy that is within him, the one test to be kept in mind always, is this: 'Lovest thou me? Feed my sheep.' Milton in his 'Lycidas' complains of the shepherds of the church and of the state in his day that 'The hungry sheep look up and are not fed.' Mr. John Finley, president of the College of the City of New York, taking this line of Milton's as his text pleads with men of all professions and kinds today not to make that same mistake.

"'Beating the air with threatening hands,
The Demagogue defiant stands,
Shouting beside the busy street,
while round him hundreds hungry bleat—
"The sheep look up and are not fed."

"'With eyes on manuscript intent,
On theologic doctrine bent,
The preacher often scowls his views,
Nor knows the starving in his pews—
"The sheep look up and are not fed."

"'And oft in academic halls,
Hid from the world by cloist'ring walls
The Teacher in his learning's pride
Forgets the pupil at his side—
"The sheep look up and are not fed."

"'O men of Christ, sent forth to show
The Better Way, the Truth to know,
Still is He asking, Love'st thou Me;
Still is our proof if loyalty
That those who hunger shall be fed.'"

REVENGE AS MURDER CAUSE

Aged Grand Rapids Coal Dealer Shot Dead in Office.

Grand Rapids, Mich., Jan. 23.—Found murdered in his little coal office and the fact not reported to the police for several hours, has caused the authorities to become baffled for the lack of clues to the mysterious death of Emil Kilstrom, sixty-six years old. He was shot through the heart by two unidentified men.

The police have learned that for several days a couple of young toughs infested a west side saloon. They were overheard plotting a robbery. Suspicion points toward them and they are being sought. The police dragnet has been thrown out.

Relatives of the dead man believe revenge was the motive, not robbery. Fifty dollars on his person and $20 on his desk were untouched.

CRUSHED UNDER ICE CAKES

DAVID RUSSELL BADLY INJURED IN ACCIDENT AT SHANGHAI PIT, SATURDAY.

David Russell, who has been employed at cutting ice in the Shanghai Pit, was badly hurt on Saturday afternoon about four o'clock. He was riding up the chute on a bunch of ice-cakes, when the tongs securing the ice slipped and released the cakes. The man and the ice plunged down the long slope together and the heavy cakes of ice, combined with the force of the fall at the bottom, broke two bones in Mr. Russell's leg about six inches above the ankle, and bruised him painfully.

A physician was called and he was speedily taken care of. It will probably be two months before his recovery is complete. Mr. Russell has a wife and a two-year-old child.

FOUND SHOT IN CAR

Probable Victim of Suicide Remains Unidentified in Monroe Morgue.

Monroe, Mich., Jan. 23.—Michigan Central employes heard groans issuing from an empty box car on a south bound freight train lying on the side-track and found a man about thirty years old shot through the mouth and unconscious. He was removed to the local hospital, but died in the forenoon without regaining consciousness.

A new revolver, with one chamber discharged, was found by the man's side. In his pockets were three cents in money, a pair of brass knuckles and a small photo of a girl about twenty years old. The man wore a blue cap, dark suit and red sweater and a gray overcoat. The cap bore the trademark of a Toledo merchant. He was 5 feet 8 inches in height and weighed 160 pounds. The body lies in a local morgue in charge of the coroner.

WRECK INQUIRY QUICKLY BEGUN

Four Prominent Railway Men Killed in Catastrophe.

ENGINE PLOWS THROUGH CAR

Illinois Central Trains in Collision in Yards at Kinmundy, Ill., Where New Orleans Flyer Stops to Take Water.

Chicago, Jan. 23.—T. J. Foley, general manager of the Illinois Central railroad, announced that a sweeping investigation would be made into the wreck which cost the lives of J. T. Harahan, Sr., Frank Melcher, E. E. Pierce and Eldridge Wright.

The inquiry begins at Champaign, Ill., today. Inspectors of the interstate commerce commission and the state railroad and warehouse commission sit with Dean Goss, railroad expert of the University of Illinois, and G. L. Pittinger, a Centralia capitalist, as the investigating board. The members of both crews will be cross-examined.

James T. Harahan, former president of the Illinois Central railroad; F. O. Melcher, second vice president; E. Wright, son of Former Secretary of War Luke E. Wright, and E. B. Pierce, general solicitor, and two other persons, were killed when the Panama limited on the Illinois Central railroad, running at a speed of fifty miles an hour, crashed into the rear of passenger train No. 25, which was taking water at Kinmundy, Ill.

The four were occupants of Mr. Melcher's private car, which was attached to train No. 25, the New Orleans flyer. The train had come to a stop at Kinmundy to take water, when passenger train No. 3, the Panama Limited, which left Chicago a little more than an hour after the other train, telescoped the train to which the private car was attached.

The engine tore its way halfway through the coach, shattering it to fragments and bringing mutilation and instant death to the four occupants of the staterooms.

Four other occupants occupying the forward end of the private car escaped practically uninjured. They were Thomas Busbie of Little Rock, Ark., a local attorney for the Rock Island road; Byrum Curry, Mr. Melcher's secretary, of Chicago, and two negro porters.

The bodies, with the exception of that of Mr. Wright, were brought to Chicago on a special train, Mr. Wright's body being taken to his home in Memphis, Tenn.

BLACKMAILER ARRESTED

Detectives Capture Man Who Threatened Chicago Banker.

Head of Continental-Commercial Bank Gets Letters Demanding $1,000 Under Threat to Wreck House.

Chicago, Jan. 23.—Efforts to extort money from George M. Reynolds, president of the Continental and Commercial National bank, led to the arrest of Arnold S. Reninger, 1836 West Erie street, when he appeared for a decoy package left for him by private detectives.

The arrest followed the receipt of a series of three blackmail letters by Mr. Reynolds demanding $1,000 and threatening to blow up his home, 4512 Drexel boulevard, unless the demands were complied with.

The police say Reninger made a complete confession of his attempts to blackmail Mr. Reynolds. He declared that he had been out of work for more than a year, and that he was in need of the money. He gave no other reason for the extortion plot.

RUEF PUNISHED IN CELL

Former Frisco Boss Deprived of Visitors or Correspondence.

San Francisco, Cal., Jan. 23.—Abraham Ruef's pleasure in a good cigar and his generosity toward a fellow convict led to recent discoveries which have shut him off from seeing visitors or writing letters for two months in San Quentin prison, where he is serving a sentence of fourteen years for bribery in connection with the San Francisco graft cases.

A guard found a prisoner smoking a choice imported cigar. The man said Ruef gave it to him in return for favors done in the jute mills, where both worked. Ruef's cell was searched and other cigars and chocolates were found.

IS THIS "THE PLAIN TRUTH"?

The press reports of the last few days have been reiterating the statement that Governor Wilson has requested Harper's Weekly to discontinue advocating his nomination for the presidency on the grounds that the advocacy by this paper of his nomination was injuring his prospects. Leslie's Weekly maintains a department on its editorial page which is entitled, 'The Plain Truth,' in which it has this slam at Governor Wilson:

"Drops! If there has been any dropping of Woodrow Wilson by Editor Harvey, of Harper's Weekly, it is not in Wilson's favor. But for Colonel Harvey's boosting of Wilson, the latter would not have been thought of as a presidential candidate on the Democratic ticket. Ingratitude is the commonest of human weaknesses—and one of the most contemptible."

The last statement is probably the 'plain truth.' But is it the plain truth to apply this as Governor Wilson's motive for requesting Harper's not to continue advocating his candidacy? If Leslie's would have published, in connection with this slam, the name of the real owners of Harper's Weekly and Leslie's Weekly, the public could have gotten, we believe, after that closer view, 'the plain truth' with regard to why, in all probability, Governor Wilson does not want the support of Harper's Weekly, any more than he would want the support of Leslie's Weekly. And we presume there are a goodly number of thousands of people in this fair country of ours who would put a large interrogation point after this statement, "The Plain Truth," as applied to the statement that Governor Wilson never would have been thought of as a presidential candidate had not the editor of Harper's Weekly interested himself in the matter.

And Leslie's Weekly in the same department gives us notice that "The full dinner pail will be the issue at the approaching presidential election. Every principal Democratic candidate excepting Harmon, of Ohio, has already declared himself in favor of a tariff for revenue only and against the protective policy."

Inasmuch as Governor Harmon of Ohio seems to be about the only Democratic candidate who is satisfactory to the Wall street faction of the Democratic party, we may regard this statements as perhaps 'the plain truth,' but we doubt if democracy will accept as 'the plain truth' the definitions of Leslie's as to what constitutes a tariff for revenue only.

It is apparent that, so far as Leslie's Weekly type of Republicanism is concerned, that they propose to ring all the changes on protection to the workingmen as the sole reason for the existence of the policy. And while keeping the workingmen imbued with the belief that the party exists wholly for their benefit, they will continue the kind of protection which has helped to build up the trusts and maintain them even after Andrew Carnegie and others tell them that they don't need any protection, and even in the face of imported cheap labor to take the place of those who are asking for another and more equitable way. Few American laborers, or American citizens, either, advocate or would tolerate a system which will place all laboring men on the same low remunerative, or, rather unremunerative level as obtains in the Orient.

But Leslie's scarcely honors the intelligence of the American workingman if it expects him to accept the same old dinner pail for another four years without looking into it.

AUDIENCE IS MYSTIFIED BY ENTERTAINER

The program presented by Germain, the magician, at the Normal, Monday evening, as one of the numbers of the Normal Lecture course, was received with enthusiasm by the large audience present.

Mr. Germain was an artist in legerdemain as was shown by the seemingly impossible feats which he performed. Some of the feats of mind reading and spiritualism, particularly, were entirely out of the ordinary and nonplussed his hearers.

Among the interesting features of the program were the writing with a piece of chalk which was placed between two slates, securely bound together with strong twine, the growth of a beautiful plant from a tiny sprout to full maturity during the course of a few moments, and the closing number which was particularly beautiful when the flags of all nations were suddenly produced apparently from space and unfurled with the American flag as the central figure.

The Ladies' Aid society of the Congregational church will hold a social this evening at the residence of Mrs. A. S. Yost on River street. Miss Hattie Hoffman will give select readings.

The friends of W. F. Parker and wife made them a complete surprise Monday evening, bringing with them a handsome china dinner set, as a token of their esteem.

Saline Observer: We with regret note the departure of one of our most estimable young citizens from this place. Mr. Milton H. Webb, for the past four years with C. Parsons, having secured a more lucrative position with the dry-goods firm of Williams & Co., Ypsilanti, had bid good-bye to Saline and gone to that city. Messrs. Williams & Co. are fortunate in securing the services of so able a salesman for Mr. Webb will doubtless, there as he did here, soon gain a large circle of friends. Every success to you, Milton.

The singing class (at the Seminary) will not meet Tuesday evening after this, as Prof. Foote will spend his time with special pupils.

THE BEST PROOF

Ypsilanti Citizens Cannot Doubt It.

Doan's Kidney Pills were used—they cured.

The story was told to Ypsilanti residents.

Time has strengthened the evidence.

Has proven the cure permanent.

The testimony is home testimony—

The proof convincing.

It can be investigated by Ypsilanti residents.

Mrs. Charles Wilkinson, 513 S. Huron St., Ypsilanti Mich., says: "I am very much pleased with the results of the use of Doan's Kidney Pills in my son's case. About three years ago, he had an attack of typhoid fever and after that complained of his back. When stooping or lifting sharp pains darted through him and I also noticed that the secretions from his kidneys were unnatural. Doan's Kidney Pills, which were obtained at Weinmann-Matthews Co.'s Drug Store, removed the trouble after two boxes had been used."

The above statement was given in December, 1908, and when Mrs. Wilkinson was interviewed on September 20, 1911, she said: "The cure Doan's Kidney Pills made in my son's case has been lasting. I am pleased to verify all I have previously said in praise of this preparation."

SISTERS OF PROVIDENCE SAVE ORPHAN'S LIFE

In Signed Statment They Tell How His Hopeless Case Was Cured By Father John's Medicine

Among the children under our care was a poor orphan boy, eight years old, poorly nourished and suffering difficulty in breathing, cough, diarrhoea, indigestion and vomiting. The Sisters who had him in charge consulted three different doctors, and they all pronounced the case hopeless, saying that the good care he enjoyed was all the help he could have, and it was useless to submit him to any new treatment.

When a Sister received from a friend a present of a bottle of Father John's Medicine, she immediately started to give the medicine to the little boy, with the wonderful result that after one month and a half with this treatment he was improved so much in strength and size that one could hardly believe it was the same boy that was seen a short time before in such a had condition. He is now going to school and partaking in all the pastimes of his school-mates—something that he never before was able to do.

It is therefore with the greatest pleasure and satisfaction the Sisters recommend Father John's Medicine.

Seven Months of Artificial Light In the Home

Sight is one of the most precious possessions of men, women and CHILDREN.

During seven months of the year, most of the close application of eyesight in your home is by artificial light.

Is the artificial light in your home good or bad?

Before the long evenings come when the family gathers near the LIGHT—look into this matter carefully.

ELECTRIC LIGHT is the best light in the home. It is economical and it is far more convenient than any other form of lighting.

Insurance companies rank electric light the safest.

Better have an estimate made for house wiring. Telephone No. 1.

Do you have head aches?

Do your eyes water? Do they ache?

Does print run together?

Does it appear double? Do things become dim or swim?

Are your eyes inflamed?

Do your eyes tire after reading awhile?

Does a bright light pain them?

Many are unconscious of these troubles.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. GOTCH'S TITLE IS SAFE FOR AWHILE

World's Champion Wrestler Uses Mahmout as Buffer.

HE STAVES OFF CHALLENGERS

Offers to Back Bulgarian Against Any Mat Artist In World—If Turk Is Defeated Gotch Will Give His Conqueror Chance at the Title.

Almost every country in the world where wrestling exists as a sport has a representative in this country after the world's title. When Frank Gotch snatched the crown from Hackenschmidt several years ago it shifted the mat center of the world from Europe to America.

Now the ambitious Greco-Roman and catch-as-catch-can titans are flocking to this country. England is about the only nation of importance that has not contributed to the colony here.

There are Samsons and Siegfrieds from Germany, Pedersens from Scandinavia, Padoubnys from Russia, Zbyscos from Galicia, Karlas from India, Courderelles from Turkey, Romanoffs from the steppes and a veritable horde of unspeakable and Balkan wonders.

But they are all here in vain. Champion Gotch is intrenched with his title, with a buffer between himself and any ambitious aggressors.

Gotch has consummated one of the cleverest coups ever worked in the history of the mat game. He has outwitted both promoters and wrestlers aspiring to a return match and the big gate money that such a contest would net them. Gotch has the Bulgarian Yusuf Mahmout under contract, and thus he is enabled to stave off all challengers while touring the country. He is in a position finally to hand over the title to the great Turk grappler when he chooses to make such a move.

"Mahmout can defeat any of these wrestlers clamoring for a match with me," said Gotch. "I have Mahmout under contract, and I am willing to back him against any wrestler."

Gotch tried to force Hackenschmidt to meet Mahmout. The world's champion insisted at that time that the Turk could defeat the "Russian Lion" in a finish match. Mahmout at that time was under another management, and the men handling Hackenschmidt refused to have anything to do with this Turkish wrestler, asserting he had faked a match with Zbysco.

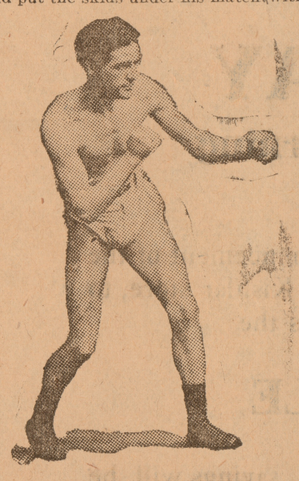
The wrestling fans know now that Gotch was speaking the truth when he told them Mahmout could beat Hackenschmidt in a finish match. The Gotch-Hackenschmidt fiasco, in which the so called "Russian Lion" proved a failure as a worthy opponent of the champion, was an eye opener to the wrestling public. It showed the fans that Gotch knows the relative ability of the heavyweight grapplers and knows who is worthy to meet him.

When all the wrestlers passed up Mahmout, Gotch took the Turk with him. The result is that Mahmout has been matched with Pedersen, the bout to be held in Kansas City some time next month. If the Scandinavian defeats the Turk, Gotch will take him on.

DRISCOLL AFTER ATTELL.

English Featherweight Plans Another Trip to This Country.

Jem Driscoll, one of the greatest featherweights ever produced in England, is seriously considering paying us another visit. Since Jeems left us over a year ago he has been up against it in his country. The worst blow struck him was when the officials stepped in and put the skids under his match with



JEM DRISCOLL, ENGLISH FEATHERWEIGHT CHAMPION.

Owen Moran. That affair meant many quids to Jeems, and he has not recovered from the shock.

Driscoll wants to come over here once more to take another whack at Abe Attell. The two masters met several years ago in New York, and Jeems showed Abie a whole lot of that "step in, hit and getaway" stuff. We all knew that Attell was one of the best little featherweights in the land, but when Driscoll finished we slipped the honors to the Englishman without any comments.

England After Motorboat Honors Again

English reports indicate that British owners will challenge America for the Harmsworth motorboat trophy again the coming summer.

HOPPE AND SUTTON AGAIN.

Two Billiard Wizards to Meet In New York Feb. 7.

Willie Hoppe, the 18.2 balk line billiard champion, will defend his title against George Sutton in New York Feb. 7. Sutton was disappointed by

WILLIE HOPPE, WORLD'S BILLIARD CHAMPION.

his showing against Hoppe in the match played in Gotham in November and challenged again.

Sutton is exhibiting unusual skill in his daily workouts in Chicago and is confident that he will make a far better showing than he did last fall. As the match will be one night's play of 500 points the "dope" may be upset. Hoppe figures as almost a sure winner, but he may have an off night or Sutton may play far above his average championship gait. The pair will also play for the 18.1 title early in March.

WOLVERTON HAS NERVE.

Only Player to Be Hit on Head Three Times In One Game and Not Quit.

"The annals of baseball are probably full of good stories about Harry Wolverton, the new manager of the New York Americans," said a prominent player recently, "and I know one on him that shows that nothing can stop him. He is the only player on any team who was hit three times on the head with the ball in one game and would not quit playing. That shows how gritty he is.

"This happened several years ago, when Dan McGann was playing first base for the St. Louis Nationals and Wolverton was on third for Philadelphia. In running out a grounder Wolverton bumped into McGann at first and Dan was so mad that he grabbed the ball, and slinging it at Wolverton, hit him a terrific crack on the head.

"Later on in the game Wolverton was walking near the Philadelphia bench when a line foul hit him over the ear and laid him out for a time. In the very next inning when Wolverton went to bat the pitcher hit him on the top of the head with a wild pitch. Can you beat this kind of business?"

WILL NUMBER BALL PLAYERS.

Pacific Coast Leaguers to Wear Numerals on Left Sleeve.

Directors of the Pacific Coast Baseball league at their annual meeting in Los Angeles recently adopted a schedule and decided to number all players. According to plans agreed upon, each player will wear on his left sleeve a number assigned to him. This number also will appear upon the score card.

The season will open April 2 and close Oct. 27.

BEST TEAM WORK OF SERIES MONDAY NIGHT

Monday night's battle in the two-man league produced the best team-work yet shown in the series when Forbes and Wilsoxson hit them for 360, 356 and 418, the last score coming within two pins of hitting the high mark for the league.

Thompson and Schrepper were going fairly good themselves but it took more than ordinary work to stop their opponents and their total of 322 in the first game fell 38 pins shy of victory. In the second game it looked for a time as though the Eastsiders might win but their enemies opened up with everything they had and the way the timber flew was good to look at for everyone but the losers. The last game was one to be remembered, the losers were out to get even and the way they started their chances seemed bright for victory but Thompson fell by the wayside and only registered 144. Schrepper fought them to a finish and piled up the good score of 189, but it was useless as Forbes and Wilcoxson were going in great form and proceeded to rub it in good and plenty. When the smoke cleared Forbes found himself the proud possessor of a 199 score while Wilcoxson came steaming across with 219, the highest score yet made in the league.

Forbes	171	174	199
Wilcoxson	189	182	219
Totals	360	356	418
Thompson	154	159	144
Schrepper	168	157	189
Totals	322	316	333

SECOND BASE MADE FAMOUS BY FOUR MEN, SAYS ANSON.

"Four men have made second base famous," said Adrian C. Anson recently. "They are Larry Lajoie, Johnny Evers, Eddie Collins and Fred Merkle." And then Anson proceeded to explain what he meant by adding:

"The kind of work they have done to make second base famous differs. Merkle's is far separated from that of the other three. Merkle made it famous by forgetting it.

"But Merkle had nothing on Mike Kelly. Why, Kelly would often forget to touch it. He would cut across from first to third when he thought he could get away with it.

"Whenever we would start a series away from home Kelly would get in his best work. Of course they had only one umpire then, and if he happened to see Mike 'cut' second and called his attention to it Mike would pass the matter off by quietly explaining that the park was new to him and he did not know where second base was located."
